This report is a product of EPA Region 3. This report and the data contained in this report are intended solely to provide information to EPA management, program staff, and states for consideration in developing and implementing land revitalization measures and activities. This report and the data in this report are not intended for use in determining the boundaries of a site or the definition of “on-site” in connection with EPA’s undertaking of a response action. Further, this report and the data in this report are not intended for use in determining the extent of any lien placed by EPA on a site pursuant to Sections 107(l) and/or 107 (r) of CERCLA, 42 U.S.C. §§ 9607(l),(r) and cannot be relied upon to create any rights, substantive or procedural, enforceable by any party in litigation with the United States. The statements in this document do not constitute official EPA policy, do not represent an EPA-wide position and are not binding on EPA or any other party. EPA reserves the right to change this report at any time without public notice.
